

St. Louis King of France School

Spanish. 2018-2019

Ms. Bertha Garcia

Welcome to the Spanish Class. The goal of this school year is to continue developing positive attitudes and excitement toward learning the Spanish language. Through the skills of listening, speaking, reading, writing, and with the help of hands on projects students are able to broaden their awareness, acceptance and understanding of the language and culture.

Middle School

5th – 7th Grade. The target for this school year will be for the students to review the understanding, proper reading, writing and pronunciation of greetings, days of the week, colors, numbers, parts of the body and useful vocabulary in Spanish. Students will practice the skills to help them be resourceful and develop the ability to find ways to learn, associate, retain, research and present information about Spanish language, people and/or culture, to enhance the learning experience and help students with different learning styles, I will implement the use of technological tools such as the internet, blogs, videos, documentaries and other tools that will make the students engage more in the classroom while learning about Spanish.

Grading

Middle school students will receive a grade based on participation during class time, conduct, homework, test, quizzes, and project presentations. Each grade curriculum targets specific milestones and goals in a way that students will learn to communicate, understand, and love Spanish.

Please do not hesitate to contact me if you have any questions or would like to know more about the curriculum or expectations.
