Welcome to the

Spanish

Class. The goal of this school year is to continue developing positive attitudes and excitement toward learning the Spanish language. Through the skills of listening, speaking, reading, writing, and with the help of hands on projects students are able to broaden their awareness, acceptance and understanding of the language and culture.

Pre K & Kindergarten

Students will learn how to greet people in Spanish, they will participate in age-appropriate cultural activities such as games, songs, and celebrations. They will learn to name the primary and secondary colors, count and recognize the name of the numbers to ten in Spanish, and towards the end of the school year the goal is to learn the name of some parts of the face and body in Spanish.

Lower School

1st – 4th grade. The understanding, proper reading and pronunciation of greetings, days of the week, colors, numbers, parts of the body and useful vocabulary will be the goal for this school year. Students will review and learn new vocabulary through the use of various teaching strategies such as content base instruction, cooperative grouping, discussions, individual as well as group projects and presentations will actively engage students to appropriately reflect the goals set up for every class.

Grading

Lower school students will receive a grade based on participation during class time, conduct, homework, test, quizzes, and project presentations. Each grade curriculum targets specific milestones and goals in a way that students will learn to communicate, understand, and love Spanish.
